Company: The Chinese University of Hong Kong

Location: Hong Kong

Category: healthcare-practitioners-and-technical

## Description

### Department of Ophthalmology and Visual Sciences

#### Nurse(s)

The Department of Ophthalmology and Visual Sciences (DOVS), working with more than 200 ophthalmologists and visual scientists in Hong Kong and mainland China, is committed to advancing patient services, research, and training and education to the highest quality in all major areas of Ophthalmology and Visual Sciences. We are also dedicated to worthwhile community programs and public education projects. DOVS, always “in search of excellence”, is looking for local and overseas candidates to take up positions in our clinical and research (academic, community and translational) programmes involving clinical ophthalmology, ophthalmic investigations, public education, out-reach, specific disease entities, such as COVID-19, children eye diseases autoimmune diseases, ocular surface diseases, refractive errors, ocular cancers, dry eye disease, thyroid eye diseases, glaucoma, and retina diseases.

The appointee(s) will be responsible for clinical, surgical and research duties at the CUHK Eye Centre in the Hong Kong Eye Hospital. In-house training, including assisting in consultation, ophthalmic procedures and investigations, will be provided where appropriate.

Applicants should be/have (i) registered nurses in Hong Kong; (ii) a valid Practising Certificate issued by The Nursing Council of Hong Kong; (iii) good attitude and capability

towards patient caring; (iv) good communication skills; and (v) interest in and capability of supporting research projects. Knowledge of ophthalmology and experience in surgical settings are preferred.

Appointment will initially be made on contract basis for 1 to 2 years (with contract-end gratuity for a 2-year contract) commencing as soon as possible, renewable subject to good performance and mutual agreement.
